MOVEMBER TO REMEMBER

Men's health is in crisis. Men are dying on average 5 years earlier than women, and for largely preventable reasons. A growing number of men around 10.8M globally are facing life with a prostate cancer diagnosis. Globally, testicular cancer is the most common cancer among young men. And across the world, one man dies by suicide every minute of every day, with males accounting for 69% of all suicides.

**Now attends Wynyard Medical
Centre on Tuesdays and
Thursdays from 8am to 12pm.**

A Pathology request form from your GP is all that is required prior to attending a NW Pathology Clinic.

Wynyard Medical Centre is primarily a Mixed Billing Practice

The practice may bulk bill patients who are holders of a:

- Pension card
- Health Care card
- Veteran Affairs card
- Or Children under the age of 16.

**It is up to the GP's discretion
on how consultations will be
billed.**

A copy of our fees can be found on our website or information can be provided at the front desk.

Wynyard Medical is Expanding it's services!

We are bringing on board More Allied health professionals
Please Keep an eye on our Facebook page and our TVs in
the centre for more information over the coming Weeks.
